

CommUnity Guide

For Beginners

Dashboard

Interact with recently posted content, stay updated with announcements, and access quick links to important information throughout the community.

Profile

Visit your profile & use the camera icon to add a profile and cover photo - Click on the small edit button below to update your information

Connecting

Use the top menu to browse & connect with other members - Engage with sponsors and partners by clicking the explore button under the group's logo

Groups

You'll automatically be placed into a group based on your job title and/or state. If interested in joining a private group, reach out to WiPP HQ for permissions.

Resources

Use the file and video galleries to watch and read educational content posted by us or other partnering organizations.

Discussions

Before you browse all discussion categories, take a moment to [introduce yourself](#) to the community.

Events

RSVP to the event and then use the My Events tab to keep track of those you plan on attending.

Notifications

Click up in the top right near the profile icon to view unread messages or accept new friend requests.
